Empowering Women to influence their world

God has positioned women to be an influence and make a difference in the lives of everyone they encounter. My heart is to empower women of all ages to be that influence! We are ordinary women called to do extra ordinary things for our King!

This is not an attempt to raise up an army of feminist or advance the Women's Rights Movement. This is a corporate gathering whose soul purpose is to empower women to shape a generation which will ultimately shape a nation. Women have the ability to change their world. It first begins within the heart, then in the home, marketplace, schools, cities, government, nations and even the world! We must first recognize our position before we can ever be that influence.

Mothering Moments is a Bible Study for women of all ages. We are not establishing this gathering to advance a church or a denomination: rather we desire to work corporately as the Body of Christ and break down every wall of competition that keeps us from advancing the Kingdom of God. We do believe that through these study times, women will experience freedom, Marriages will be restored, families mended and churches will explode with new growth as women embrace their destiny and fulfill their purpose.

We are women committed to helping each other. We must be the change we want to see! Our strength is in the relationships we have with one another. Our position is found in complete submission to Christ. Our purpose is to equip women to fulfill their destiny! We must walk side by side, hand in hand, shoulder to shoulder, as an army fighting for the cause of Christ! We are a company of women! Psalms 68:11 The Lord gives the command; the women who proclaim the good news are a great company.

"Whether teenager, college student, housewife, single mom, or grandmother; it is our prayer that women reach their full potential and come to the knowledge of who they are in Him. That no matter what their age they will know that God has a plan for their lives and He came so that they can have LIFE and live that life in FREEDOM."

We are Daughters!  
We are Mothers!  
We are Princesses!  
We are Warriors!
